PROFILE

I am a Computer Science & Engineering student aspiring to become a skilled Web Developer. I have a keen interest in front-end development .I enjoy building responsive and user-friendly website using HTML, CSS, JavaScript and continuously improving my skills by working on real-world projects. I am passionate about learning new technologies, problem-solving and growing as a developer.

PROJECTS

Amazon Clone Website

Developed an Amazon homepage clone using HTML and CSS, focusing on responsive layout, and real-world front-end development practices.

My Portfolio

Designed and developed a personal portfolio website using HTML and CSS to showcase skills, projects, and contact information. Built a clean, responsive layout with well-structured sections and semantic HTML, focusing on simplicity, readability, and professional presentation.
